VI.	Settings

- I. Logging into electronic banking for the first time / logging in after unlocking BOŚtoken
- 1. In a text message on the mobile phone the user **receives temporary log-in password** (valid for 7 days) to register (pair) BOŚtoken application in iBOSS24.
- 2. From App Store (iOS) or Google Play (Android) **download BOStoken application** for mobile authorisation in iBOSS24 and install it on your smartphone.

- 3. On the electronic banking system's log-in page https://iboss24.pl, in the drop-down list select "Mobile application" as the authorisation method.
- 4. In the *ID* field enter your user ID.
- 5. In the *Key* field enter your temporary password sent in the text message. Tap Accept.
- 6. In the next screen, set your own log-in password for the electronic banking system. Password requirements:
 - from 4 to 8 characters
 - minimum one lowercase letter and one uppercase letter
 - minimum one digit
 - minimum one special character
